MEMORANDUM FOR: Acting Deputy Director for Science and Technology

25X1 FROM: [REDACTED]

Director, Foreign Broadcast Information Service

SUBJECT: Carnegie-Mellon University

REFERENCE: Memo for DDA from D/OTE, dtd 2 Sep 86, Same Subject

1. FBIS does not have an immediate need to enroll one of its employees in this study program at Carnegie-Mellon. In concept, however, study programs of this nature would be very attractive to FBIS in other disciplines. It would appear to me that ORD, OD&E, and NPIC may well have potential candidates for this particular program.

25X1 2. I would be interested in knowing if [REDACTED] is pursuing other programs of this nature or did this just happen by accident. I think it would be beneficial for the DS&T to develop the framework of similar programs with OTE.
